

Data visualization using pie chart

Program:

```
import matplotlib.pyplot as plt
import pandas as pd
import numpy as np
games=['redredemption2','wukong','moba legends','genishin
impact']
datamb=[34,56,123,98]
fig=plt.figure(figsize=(10,12))
plt.pie(datamb,labels=games)
plt.show()
```

Output:
